

CHARLO x COLORADO LEGAL SERVICES

“100 Years, 10 Words”

My art revolves around using words and symbols to create intricate compositions on canvas, hoping that viewers will engage with and explore them. These words, interwoven amongst others, aim to fill the canvas with unexpected joy when discovered.

This particular artwork began when I met with the Colorado Legal Services team earlier this year. We discussed several important questions about the core values and ideas that matter to the people within this remarkable organization. This discussion provided me with critical insights, leading me to select ten words that I believe capture the essence of Colorado Legal Services: *Support, Service, Kindness, Justice, Impact, Heart, Equity, Empathy, Compassion, and Community.*

Each word is featured within one of ten blocks on the canvas, each block representing a decade. This layout not only celebrates, but also marks the 100th anniversary of Colorado Legal Services, weaving their centennial into the artwork. Creating this piece was an absolute joy, as it celebrates and honors the core values of the organization.

I hope you enjoy discovering all the words and symbols hidden within the canvas! Congratulations on 100 years, Colorado Legal Services! Cheers to 100 more!
